2023 ANNUAL REPORT

THE SINGLE REGISTER OF INSURANCE,
BANKING AND FINANCIAL
INTERMEDIARIES

2023 ANNUAL REPORT

Article R. 512-5 VIII of the French Insurance Code.

26 boulevard Haussmann - 75311 Paris cedex 09
contact@orias.fr - www.orias.fr

Organisation established by Article L. 512-1 of the French Insurance Code. Articles of association approved by order of the Minister of the Economy dated 3 November 2006. Association governed by the Law of 1 July 1901 - Prefecture declaration no. 2000.0088

Foreword by the Chairman

From many to one, figures were key in 2023.

There are several reasons for this, first of all because the full implementation of the brokerage reform concerned a large number of intermediaries, brokers and their agents, who were required to join one of the professional associations approved by the French Prudential Control and Resolution Authority – Autorité de contrôle prudentiel et de résolution (ACPR) – before renewing their Orias membership in 2023.

A total of more than 49,000 registrations were concerned.

3 is the number of months it took to implement the brokerage reform in the renewal process. This period was exceptionally long, as the law provided for this to be completed in 2 months. In this regard, we welcome the pragmatic approach taken by the Ministry of the Economy, which enabled an extension of the deadline, which Orias had also requested.

The renewal rate was also exceptionally low, at 89%, whereas it is on average 95%.

The figures for registrations made over the year to 31 December 2023 naturally reflect this. The number of intermediaries decreased by 2.6%, with 69,277 companies recorded in the Register.

For insurers, while registrations of official agents, brokers and agents were stable, in contrast, agents of insurance intermediaries declined by 4.2%. For banks, the number of brokers fell (-9.6%), as did agents of intermediaries (-8.1%). Clearly, the credit crisis has not left these professionals unscathed.

Fortunately, other professions had strong momentum. Financial investment advisors were up by 5.5% and tied agents of investment service providers by 5%.

12 (instead of 13) is the number of categories of intermediaries now registered with Orias. Crowdfunding advisors are now listed on the European register of crowdfunding service providers.

To conclude on a positive note, Orias has resumed high-quality services after the challenging renewal period. As such, registration applications were processed on average in five days in the second half of 2023, and in one day in the last quarter of the year. Finally, the Annual Report has been revamped. I hope you appreciate the new look and enjoy reading it.

1.4 ACTIVITY IN 2023

1.5 INTEGRITY CHECKS

1.1 - Responsibilities by delegation of the State

Before Orias. The French public authorities decided several years ago to establish a system for registering insurance brokers. Law no. 89-1014 of 31 December 1989 laid down the principle of a register of all insurance brokers. However, this registration principle was only implemented after Law no. 99-532 of 25 June 1999, which entrusted this task to professional insurance organisations. Articles L. 530-2-2 and R. 530-12 of the French Insurance Code entrusted responsibility for holding the List of Insurance Brokers to a Committee composed of representatives of the Federation of Insurance Brokers (FCA - *Fédération des Courtiers en Assurance*), the French Association of Insurance Companies (SFAC - *Syndicat Français des Assureurs Conseils*), and the French Federation of Insurance Companies (FFSA - *Fédération Française des Sociétés d'Assurance*). The association created for this purpose, Association of the List of Insurance Brokers (*Association de la Liste des Courtiers en Assurance*), gave its name to this list. The "ALCA List" terminology became the usual terminology. Registration on the ALCA List was not a legal obligation.

2007: creation of Orias. The Insurance Mediation Directive (IMD) 2002/92/EC of the European Parliament and of the Council of 9 December 2002 marked an additional milestone in the registration of insurance intermediaries. This directive was transposed into the French Insurance Code by Law no. 2005-1564 of 15 December 2005, Decree no. 2006-1091 of 30 August 2006, and a series of orders. Articles L. 512-5121 and R. 512-3 of the French Insurance Code entrust an organisation, having status as a legal entity and bringing together professional insurance organisations, with keeping the register. This is the legal framework for the work carried out by Orias (traditionally known as the historical organisation for the register of insurance intermediaries - *Organisme pour le Registre des Intermédiaires en Assurance*). The implementation of provisions relating to the registration of insurance intermediaries was set for 31 January 2007. Directive 2016/97 on insurance distribution (IDD) maintained the principle of a register of insurance intermediaries.

2013: expansion of responsibilities (IOBSP and CIF). The banking and financial regulation Law no. 2010-1249 of 22 October 2010 extended the scope of Orias's responsibilities to the registration of intermediaries in banking transactions and payment services (IOBSP), financial investment advi-

sors (CIF) and tied agents of investment service providers. This law included the removal of the database of direct marketers of banking and financial services held jointly by the ACPR and the French Financial Markets Authority - *Autorité des Marchés Financiers* (AMF), from 1 January 2013. The launch date for the Single Register of Insurance, Banking and Financial Intermediaries was set at 15 January 2013 in an order by the Minister of the Economy dated 20 December 2012. Order no. 2016-351 of 25 March 2016 on consumer credit agreements relating to residential real estate applicable to IOBSP (training). These amendments came into force on 1 July 2016.

2014: crowdfunding. Order no. 2014-559 dated 30 May 2014 on crowdfunding, amended by Order no. 2016-520 of 28 April 2016 on cash certificates, led to a further extension of Orias's remit. From 1 October 2014, Orias assumed the task of registering crowdfunding advisors (CIP) and crowdfunding intermediaries (IFP). However, as of 10 November 2023, only crowdfunding advisors and intermediaries that donate and lend free of charge remain registered in the Orias register. European Regulation no. 2020/1503 on the status of European crowdfunding providers (PSFP) has created a specific new European register for them.

Legal sources

The registration obligation for intermediaries and the legal regimes applicable to their activities are set out by:

- French Insurance Code, Book V (Registration of insurance intermediaries (IAS): Art. L. 512-1)
- French Monetary and Financial Code, Book V (Registration of IOBSP, CIF, ALPSI and IFP: Art. L. 546-1)
- AMF General Regulation (financial investment advisors)
- Non-codified Orders

1.2 - Keeping and updating the Single Register

Public information and management of registrations. Article R. 512-3 of the French Insurance Code and Article R. 546-1 of the French Monetary and Financial Code made Orias responsible for "setting up, keeping and updating the Register".

As such, Orias receives "applications for registration or registration renewal and decides on these applications". It "carries out deregistrations from the Register or deletions" under the conditions set by decree.

Orias has an additional responsibility concerning insurance intermediaries, involving issuing and receiving cross-border practice notifications within the European Economic Area (EEA). Since 1 July 2016, Orias has the legal authority to manage notifications of cross-border practice in the European Economic Area by real estate loan intermediaries.

Finally, Orias is responsible for publishing the Register of Insurance, Banking and Financial Intermediaries online at: www.orias.fr

Orias is therefore an information and registration management organisation for professionals in addition to providing a service to consumers by publishing the list of duly registered intermediaries.

REGISTRATION CATEGORIES FOR **INSURANCE INTERMEDIARIES (IAS)**

OFFICIAL INSURANCE AGENTS (AGA)	Natural persons or legal entities mandated as official insurance agents, subject to a contractual obligation to work exclusively with one or more insurance companies.
INSURANCE OR REINSURANCE BROKERS (COA)	Legal entities or natural persons registered on the Trade and Companies Register as insurance brokers, whether or not they base their analyses on a sufficient number of insurance policies available on the market, and not subject to a contractual obligation to work exclusively with one or more insurance companies.
INSURANCE AGENTS (MA/MAL)	Natural persons and legal entities other than official insurance agents, mandated by an insurance company; subject or not to a contractual obligation to work exclusively with one or more insurance companies, including under the freedom of establishment and the freedom to provide services.
AGENTS OF INSURANCE INTERMEDIARIES (MIA)	Natural persons or legal entities mandated by an intermediary registered in one of the three aforementioned categories or by an intermediary operating in France under the freedom of establishment and the freedom to provide services.
<i>Note: MA/MAL and MIA are not authorised to manage contracts (except for credit institutions or certain lines of insurance - see French Labour Code, Art. R. 511-2) physically collect premiums or contributions, where applicable, or physically remit sums due to policyholders or beneficiaries of life insurance or endowment policies.</i>	

REGISTRATION CATEGORIES FOR **INTERMEDIARIES IN BANKING TRANSACTIONS AND PAYMENT SERVICES (IOBSP)**

BROKERS IN BANKING TRANSACTIONS AND PAYMENT SERVICES (COBSP)	Carry out a client's mandate, refraining from receiving any mandate from a credit institution, a financing company, a payment institution, an electronic money institution that provides payment services, a crowdfunding intermediary, an insurance undertaking in connection with its lending activities or a management company in connection with its AIF management activities referred to in Article L. 511-6, and are not subject to a contractual obligation to work exclusively with one of these companies.
EXCLUSIVE AGENTS IN BANKING TRANSACTIONS AND PAYMENT SERVICES (MOBSPL OR MBE)	Carry out a mandate from a credit institution, a financing company, a payment institution, an electronic money institution that provides payment services, a crowdfunding intermediary, an insurance undertaking in connection with its lending activities or a management company in connection with its AIF management activities referred to in Article L. 511-6, and are subject to a contractual obligation to work exclusively with one of these companies for a given category of banking transactions or payment services.
MANDATAIRES NON-EXCLUSIFS EN OPÉRATIONS DE BANQUE ET EN SERVICES DE PAIEMENT (MOBSP OU MBNE)	Carry out one or more non-exclusive mandates issued by one or more credit institutions, financing companies, payment institutions or electronic money institutions that provide payment services, crowdfunding intermediaries, insurance undertakings in connection with their lending activities or management companies in connection with their AIF management activities referred to in Article L. 511-6.
AGENTS OF INTERMEDIARIES IN BANKING TRANSACTIONS AND PAYMENT SERVICES (MIOBSP)	Practise under mandate(s) from the three previous types of categories.
<i>Note: Operation in an IOBSP category is exclusive of all others except for banking transactions of a different nature (consumer credit/debt consolidation/real estate loans/reverse mortgages) or payment services.</i>	

REGISTRATION CATEGORIES FOR **FINANCIAL INTERMEDIARIES**

FINANCIAL INVESTMENT ADVISORS (CIF)	Persons carrying out the following activities as their usual profession: investment advice, advice relating to the supply of investment services and advice relating to carrying out transactions involving various assets. Financial investment advisors may also provide a service involving receiving and sending orders on behalf of third parties, subject to the conditions and limits set by the AMF General Regulation, and carry out other wealth management advisory activities.
TIED AGENTS OF INVESTMENT SERVICE PROVIDERS (ALPSI)	Provide investment services: reception and transmission of orders on behalf of third parties, guaranteed or non-guaranteed investments, investment advice. Tied agents can also promote services supplied by the investment service provider, supply advice on these services and market investment services to clients on behalf of the provider.

Crowdfunding intermediaries.

Crowdfunding intermediation involves bringing together, through a website, the people carrying out a specific project and the people financing that project. The reform implemented by European Regulation 2020/1503 supplemented by Directive 2020/1504 of 7 October 2020 creates a single European crowdfunding service provider status. Crowdfunding service providers are now required to register in their own register (formerly: Crowdfunding advisors and intermediaries). Only legal entity crowdfunding intermediaries (IFP) that provide free loans and donations will continue to be registered with Orias after 13 November 2023.

Registration terms.

The inclusion in each of these legal categories is subject to specific provisions. Broadly speaking, all intermediaries must fulfil the following conditions:

- Integrity (see below);
- Graduated and specific professional capacity in respect of registration categories;
- Professional indemnity insurance (insurance coverage or activity carried out under the entire liability of a principal);
- Financial capacity (financial guarantee or activity carried out under the entire liability of a principal);
- Membership of a professional association (COA, MIA, COBSP, MIOBSP, except for legal exceptions; CIF);
- Settlement of the contribution due to the AMF (for financial investment advisors).

Integrity checks.

The provisions of Article L. 512-4 of the French Insurance Code and the provisions of Articles L. 5193-3, L. 541-2, L. 545-4 and L. 548-4 of the French Monetary and Financial Code require persons and entities registered with Orias to not have been finally convicted for one of the crimes or misdemeanours set out in Articles L. 322-2 of the French Insurance Code and L. 500-1 of the French Monetary and Financial Code.

In accordance with Article R. 514-1 of the French Insurance Code and Article R. 546-5 of the French Monetary and Financial Code, the integrity of the registered persons and entities is subject to systematic and reinforced checks via consultation of the national criminal database.

Moreover, Article L. 322-2 VI of the French Insurance Code and Article L. 500-1 VII of the French Monetary and Financial Code specify that: "The

fact that a person is not subject to the incapacity provided for in this article does not preclude the assessment, by the competent authority, of compliance with the conditions necessary for the approval or authorisation to operate."

In practice, requests to access "Bulletin 2" are sent to the national criminal database via "a secure means of telecommunication". Intermediaries who are nationals of an EU member state or other signatory state to the European Economic Area will also be subject to a criminal record check or equivalent in their state of origin.

These requests are based on data identifying natural persons and directors of legal entities: gender, first name, last name, name at birth and date, town and country of birth.

If no record is held in the criminal database, the response "None" is returned. This means that theoretically the integrity condition has been met. On the other hand, if a conviction is recorded in the criminal database, the "paper" bulletin is sent to Orias for examination. Only the crimes and misdemeanours set out in Article L. 322-2 of the French Insurance Code and Article L. 500-1 of the French Monetary and Financial Code prohibit practising as an insurance, banking or financial intermediary, for ten years from the date of the final conviction.

In the event the record does not comply with the aforementioned Articles L. 322-2 and/or L. 500-1, a prior information letter is sent to the persons concerned informing them that their registration risks being cancelled or rejected. The letter refers to the convictions in question and invites the persons concerned to send any comments in writing within a reasonable time period. On expiry of this period, the Orias Registration Committee, informed of any such comments, is able to take a decision to cancel or reject the registration of the persons in question, who are notified by registered letter with acknowledgement of receipt.

A decision made for failure to meet the integrity condition will also be notified, where relevant, to mandating insurance companies, credit or payment institutions, financing companies, electronic payment firms or intermediaries, and the CIF professional associations concerned, with no mention of the convictions in question.

In the event of deregistration for failure to meet the integrity condition, the ACPR (for IAS, IOBSP and IFP) or the AMF (for CIF and ALPSI) are informed, with no mention of the convictions in question.

Information about deletions and/or deregistrations is also sent to the Departmental Directorates for the Protection of Populations (DDPP) in the jurisdiction of the intermediaries concerned.

Relations with the Prudential Control and Resolution Authority and the Financial Markets Authority. The French Insurance Code and the French Monetary and Financial Code specify the exchange of information between the authorities and Orias.

Accordingly, Orias is informed when:

- the authorities are aware of: elements likely to have consequences for registration and lead to deregistration; information likely to hinder the proper performance of Orias's duties; an offence committed by an intermediary likely to lead to deregistration; information likely to fall within the scope of Article L. 512-2 of the French Insurance Code;
- the authorities make use of their powers of sanction;

Orias will communicate all information asked of it by the ACPR or AMF within the framework of its responsibilities. Orias will also have the ability to communicate any relevant information to the ACPR and AMF of its own accord.

ACPR-Orias agreement. On 16 December 2016, Orias signed an agreement with the ACPR concerning the periodic transfer of data relating to insurance, banking transaction and payment services intermediaries as well as crowdfunding intermediaries, to be implemented in 2017. These bi-monthly exchanges are carried out according to a schedule established annually, taking into account the provisional schedule of registration fees.

Given that this information is not intended to be cross-referenced, the ACPR does not report these exchanges to the French national commission of data privacy (CNIL).

Furthermore, the persons subject to the supervision of the ACPR, pursuant to Article L. 612-2 II-1°, 3° and 4° of the French Monetary and Financial Code, must pay a contribution towards supervision costs, payable to the Banque de France in accordance with Article L. 612-20 of the French Monetary and Financial Code.

The amount of this contribution applicable to intermediaries registered in the category of insurance or reinsurance broker, in one of the intermediary in banking transactions and payment services categories or in the crowdfunding intermediary category was set at 150 euros by order of the Minister of the Economy on 26 April 2010. Persons simultaneously practising as an intermediary in banking transactions and payment services and an insurance or reinsurance broker or another activity subject to a contribution to the ACPR pay only one contribution.

The contribution becomes due to the ACPR on registration with Orias on 1 April each year. Orias must send the list of insurance brokers by 15 May at the latest for contribution invoices to be sent out by the ACPR by 15 June at the latest. The intermediaries concerned must pay their contribution by 30 August of that year.

Financial investment advisors and crowdfunding advisors are similarly subject to control by the AMF pursuant to Article L. 621-9 (II) 10° and 10a of the French Monetary and Financial Code. They are therefore liable for the contribution stipulated in Article L. 621-5-3-II-4° of the French Monetary and Financial Code. The amount of this contribution is 450 euros, pursuant to Article 2 of Decree no. 2010-1724 of 30 December 2010. Orias sends a list of the persons concerned, drawn up as of 1 January of each financial year, to the AMF. Following an amendment to Article L. 546-1 of the French Monetary and Financial Code, CIF and CIP pay the aforementioned contribution due to the AMF to Orias. This payment ends the registration and yearly registration renewal process.

The terms of the transfer of these funds are specified in an agreement between Orias and the AMF signed on 19 December 2019.

Note: It should be emphasised that neither the ACPR nor the AMF sits on the Orias board of directors, in accordance with its articles of association.

1.3 - A professional organisation under the supervision of the French Ministry of the Economy

Not-for-profit organisation under the 1901 Law. Orias is a not-for-profit organisation under the French Law of 1901, and for which the articles of association are ratified by ministerial order, called "Orias - Registre unique des intermédiaires en assurance, banque et finance" (Orias - Single Register of Insurance, Banking and Financial Intermediaries).

Registration Committee. The articles of association establish a Registration Committee responsible for entries, deletion of entries, and deregistrations. The Registration Committee is composed of 16 principal members and 16 substitute members. The quorum is set at half of its principal or substitute members. Decisions are taken by a two-thirds majority vote of the votes cast.

The composition of the Registration Committee is set by ministerial order. The length of the terms of the members of the Registration Committee is five years, in accordance with Article R. 512-3 V of the French Insurance Code.

For the professionals referred to in Article L. 512-1 of the French Insurance Code and Article L. 546-1 of the French Monetary and Financial Code or their representatives:

- One substitute member appointed by the French Association of Banking Transaction Intermediaries (AFIB - Association Française des Intermédiaires en Opérations de Banques),
- A qualified person,
- Two principal members and two substitute members appointed by the National Federation of Associations of Official Insurance Agents (AGEA - Fédération Nationale des Syndicats d'Agents Généraux d'Assurances),
- One principal member and one substitute member appointed by the Professional Association of Credit Intermediaries (APIC - Association Professionnelle des Intermédiaires en Crédits),
- Two principal members and two substitute members appointed by the Chamber of Insu-

rance Brokers (Planète CSCA - Chambre Syndicale des Courtiers d'Assurance).

For qualified individuals in the areas of insurance, banking and finance:

- Three principal members and three substitute members appointed by the French Association of Credit Institutions and Investment Companies (AFECEI - Association Française des Etablissements de Crédit et des Entreprises d'Investissement),
- One principal member and one substitute member appointed by the National Association of Financial Advisors (ANACOFI-CIF - Association Nationale des Conseillers Financiers - Conseillers en Investissements Financiers),
- One principal member and one substitute member appointed by the National Chamber of Wealth Advisors (Chambre Nationale des Conseils en Gestion de Patrimoine - CNCGP),
- One principal member and one substitute member appointed by the French Banking Federation (FBF - Fédération Bancaire Française),
- Three principal members and three substitute members appointed by the French Insurance Federation (FFA - Fédération Française de l'Assurance),
- One principal member and one substitute member appointed by the National Federation of French Mutual Insurance Organisations (FNMF - Fédération Nationale de la Mutualité Française).

The members of the Registration Committee and all persons responsible for examination of dossiers are bound by professional secrecy (Art. R. 512-3 VI). This professional secrecy is not enforceable upon the ACPR, the AMF, European Union organisations keeping national registers, or judicial authorities acting within the context of criminal proceedings.

The professional bodies with representatives on the Registration Committee are classified as members of the organisation. The organisation is managed by a board of directors, the composition of which is set as follows by the articles of association (Order of 4 April 2023):

- Two principal directors and two substitute directors appointed by the AFCEI,
- Two principal directors and two substitute directors appointed by the AGEA,
- Two principal directors and two substitute directors appointed by PLANETE CSCA,
- Two principal directors and two substitute directors appointed by the FFA,
- One principal director and one substitute director in respect of IOBSP appointed by the IOBSP professional bodies with representatives on the Registration Committee,
- One principal director and one substitute director in respect of CIF appointed by the CIF professional bodies with representatives on the Registration Committee.

In the event that IOBSP directors are not appointed jointly, the posts of principal director and substitute director are allocated alternately each year to one of the two bodies represented on the Registration Committee. In the event that CIF directors are not appointed jointly, the posts of principal director and substitute director are allocated alternately each year to one of the two bodies represented on the Registration Committee.

The members of the board of directors elect a Chairman from among them for a term of two years. The organisation draws up a balance sheet, profit and loss statement, and notes to these statements. A statutory auditor certifies these statements.

Supervision by the French Ministry of the Economy. The organisation operates under the supervision of the Director General of the French Treasury. A representative of the Directorate General of the French Treasury, in the capacity of Government Commissioner, may therefore participate in the work of the general assembly and any other body created by the organisation's articles (to date, Registration Committee and board of directors). The representative receives all documents and notices of meetings and may request a second deliberation for all decisions taken by these bodies.

The organisation is financed by the annual registration fees set by ministerial order. Article L. 512-1 sets a maximum limit of 250 euros. At the recommendation of the board of directors, the Order of 12 December 2018 set the amount of these fees at 25 euros per category. It is recalled that registration fees were initially set at 50 euros and were able to be reduced following efficiency gains in the management of applications.

Furthermore, enrolment/registration and deletion/deregistration decisions taken by Orias can be appealed before the relevant intermediary's local administrative court.

Services offered by Orias. In order to manage files, 12 employees on long-term contracts work at Orias, which increases its staff with temporary personnel over the first months of the year for the activity peak related to the renewal of registrations. In addition, a telephone support service to provide registration assistance, manned by 3 to 5 tele-advisors, is available to professionals. These staff are placed under the responsibility of a salaried General Secretary.

In view of the number of registration applications to be processed, a distinction has been made between examining and approving applications.

The examination of registration applications has been delegated to the General Secretary of Orias. The General Secretary and their teams are therefore responsible for preparing applications so that only complete applications are presented to the Committee. This notion of a complete application is referred to in Article R. 512-5 I and II of the French Insurance Code and Article

R. 546-3 I and II of the French Monetary and Financial Code. The Registration Committee is responsible for approving registrations.

ISO 9001. In order to deliver the best possible service quality to intermediaries and secure the Register's functioning with regard to the public authorities, Orias has committed to a certification approach based on standard ISO 9001.

Digitalisation. To manage intermediaries' requests, Orias originally decided to develop entirely electronic registration and data modification procedures via its website (online document submission, payment by bank card and email reminders). Computerised data exchange was also been set up with Orias's partners, namely:

- professional indemnity insurance companies, also acting as underwriters, which inform Orias of new cover, renewals and cancellations,
- principals (insurance companies on behalf of their official agents and/or agents, credit institutions on behalf of their agents and/or tied agents of investment service providers and other principals on behalf of their intermediary agents) able to take responsibility for all or some of their networks' formalities,
- approved professional associations of financial investment advisors, insurance brokers and their agents and brokers in banking transactions and payment services and their agents.

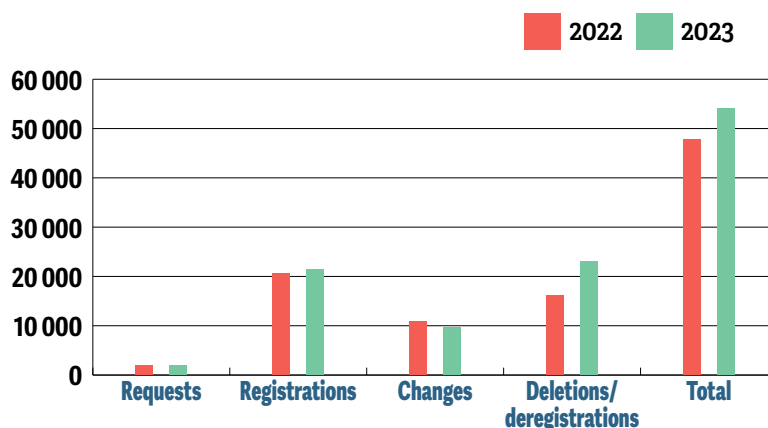

These "own account" procedures make it possible to speed up registrations and especially renewals.

1.4 - Activity in 2023:

All requests. In total, for 2023, Orias received 54,053 requests concerning all management types, or an average of 4,504 requests per month.

CHANGE IN REQUESTS 2023-2022

Requests	2022	2023
Registrations	20,670	21,337
Changes	10,870	9,674
Deletions/deregistrations	16,216	23,042
Total	47,756	54,053

Registration applications.

In total, Orias received 21,337 registration applications in 2023, i.e. an average of 1,778 requests per month.

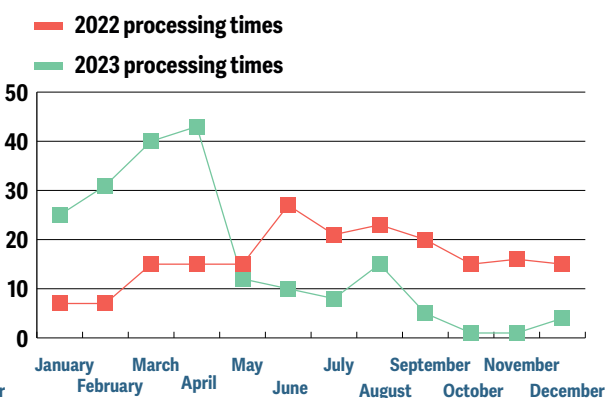

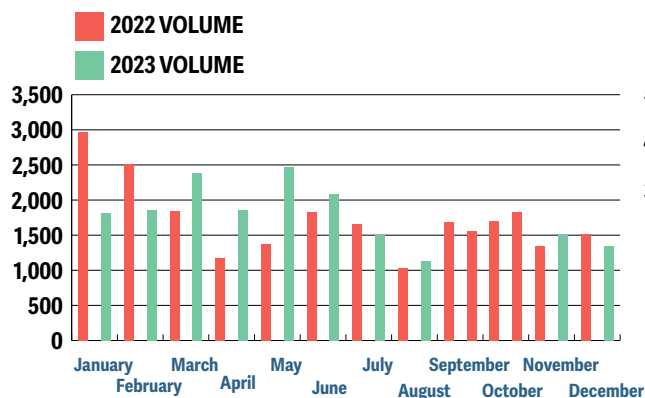

Registration applications from legal entities with no prior membership (no Orias number): 10,736 (59%).

Validation rate: 85 %

Average processing time: 16 jours

Note: The 16-day processing time is explained by the specific mobilisation required for the 2023 renewal process at the start of the year due to the implementation of the brokerage reform, which led to longer processing times for new registrations. The situation returned to normal in the second half of the year.

Change requests.

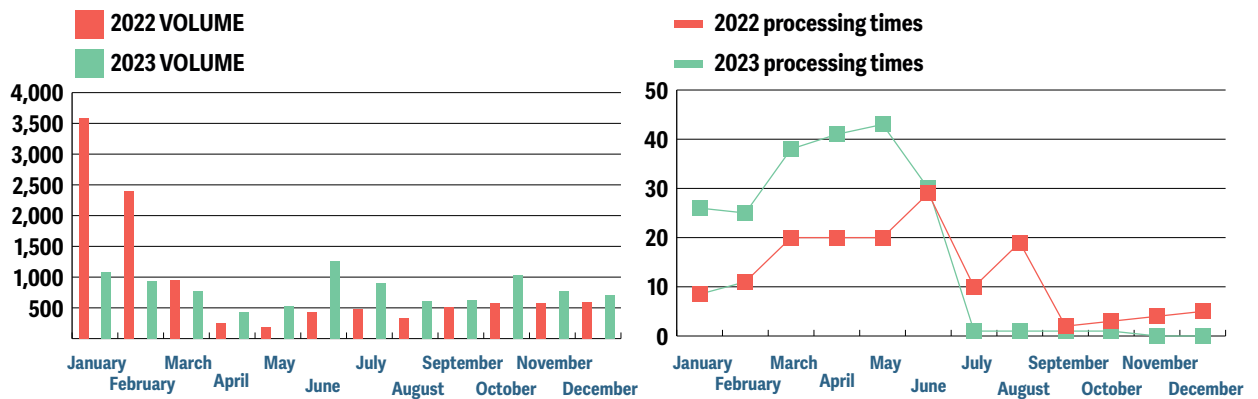

In total, for 2023, Orias received 9,674 change requests, or an average of 806 requests per month.

Validation rate: 86%

Average processing time: 17 days

Note: The 17-day processing time is explained by the specific mobilisation required for the 2023 renewal process at the start of the year due to the implementation of the brokerage reform, which led to longer processing times for new registrations. The situation returned to normal in the second half of the year.

Information for professionals.

In total, for 2023, Orias received:

- 50,131 telephone calls,
- 112,999 emails.

Consultation of the public website www.orias.fr

The Orias website recorded 2.2 million visits and 14,931 million page views in 2023.

1.5 - Integrity checks

After submitting a registration application, all intermediaries registered with Orias in all categories are subject to national criminal database checks to obtain a Bulletin 2 record in relation to them, pursuant to Articles R. 514-1 of the French Insurance Code and R. 546-5 of the French Monetary and Financial Code.

The parties concerned are natural persons registered as sole traders, corporate officers of legal entity intermediaries as well as, where relevant, directors of intermediation businesses when carried out on a subsidiary and delegated basis.

For 2023, 23,637 national criminal database check requests were made at the time of a request for registration or modification.

As part of these checks, pursuant to Articles R. 546-3 II and VIII of the French Monetary and Financial Code and R. 512-5 II and VII of the French Insurance Code, the Registration Committee took 15 decisions not to renew registrations and four decisions to delete registrations from their category due to failure to meet the integrity condition stipulated in Articles L. 512-4 of the French Insurance Code and L. 5193-3 and L. 541-7 of the French Monetary and Financial Code.

Some of the persons rejected or deregistered are now registered in the Single Register after having started "rehabilitation" procedures, which offer

a chance to carry out formalities to remove records preventing the desired activity being carried out. In addition, for certain offences, records are automatically removed from Bulletin 2 of the criminal record after five years subject to no further offences being committed, although they remain on Bulletin no. 1. In these cases, Orias can no longer oppose registration on the grounds of failure to meet the integrity condition, pursuant to Article 133-16 of the French Penal Code. In practice, the positive outcome of such a procedure entails the removal of the records in question from Bulletin 2 of the criminal record.

Appeals to administrative courts concerning decisions taken by Orias. Non-registration and/or deletion decisions are notified to the party concerned by recorded delivery letter within 15 days of the decision. The recipient is then able to file an amicable appeal against the decision. These appeals are considered by the Registration Committee based on new and old transmitted information. Independently of the amicable appeal, the decision may be appealed before the administrative court with jurisdiction in the location where the professional activity is carried out, within two months. Since 2007, Orias has had 22 decisions challenged before the administrative judge and has been successful in all cases.

2. ANNUAL OBSERVATIONS

There were several regulatory developments in 2023:

- The full implementation of the brokerage reform resulting from Law no. 2021-42 of 8 April 2021. Under this reform, since the 2023 renewal period, all insurance and banking transaction and payment services brokers registered with Orias before the enactment of the reform on 1 April 2022, and their agents, must now, barring legal exceptions, join a professional association approved by the ACPR. This legal condition is assessed at any time during the professional practice; intermediaries subject to this obligation must therefore be able to prove, at any time, that they belong to an approved association. Failing this, their registration with Orias cannot be maintained and they will be subject to a deletion/deregistration procedure.

Observation. Orias formally calls on all professionals to be vigilant and up to date with their obligations relating to the brokerage reform, where applicable;

- To combat scams involving identity theft targeting intermediaries, since 1 June 2023 (Order of 6 December 2022), all intermediaries registered with Orias are required to enter a public contact

telephone number and email address as well as their website where applicable. The level of compliance with this requirement is currently insufficient.

Observation. Orias asks intermediaries to take the necessary steps to comply with this new obligation to publish public contact details (see dedicated guide on the subject available on the Orias website under the “News” section);

- Changes in the crowdfunding framework. Order no. 2021-1735 of 22 December 2021 adapted the French crowdfunding framework to European Regulation (EU) 2020/1503 of 7 October 2020 on European providers of crowdfunding services for entrepreneurs. As of 10 November 2023, only crowdfunding intermediaries carrying out activities on interest and commission-free loans and donations will continue to be registered on the Orias website.

Observation. Orias asks crowdfunding intermediaries to ensure that they have completed the registration procedures for the crowdfunding service provider regime when they fall within the scope of this register.

INCOME	-126	-30	-54	-93	-39
TOTAL EXPENSES	2,825	2,907	3,515	3,651	+135

Expenses totalled €3,651k in 2023, an increase of +€135k compared with 2022, mainly due to the rise in personnel expenses of +€126k (use of temporary workers), business expenses of +€114k (postage due to the brokerage reform) and building expenses of +€98k. These differences were partially offset by a decline in IT expenses (-€48k), non-recurring expenses (-€57k), contact and research expenses (-€44k) and income (-€39k).

Income

The majority of income of €3,378k came from the receipt of registration fees and a small proportion from income from financial investments.

The total amount of registration fees received was €3,285k, i.e. €29k less than in 2022.

Financial income totalled €93k compared with €49k in 2022.

Net profit or loss for the financial year

The 2023 financial year showed a loss of €366k.

Highlights of the financial year

The brokerage reform (Law no. 2021-402 of 8 April 2021), which was fully implemented for the 2023 renewal process, required considerable use of temporary workers and gave rise to significant postage costs.
